

Dear Friends,

Out of the balance of 1130 USD (refer June 2013 report at eegai.org/reports)) 175USD(10000 INR) and 155USD (10000 INR) was used to pay partial fees towards Engineering and Nursing Education for Ms.Keerthana Priya and Ms.Mahalakshmi respectively during July and August 2013. We worked with another organization called "Gold Heart Foundation, Chennai (<http://goldheartfoundation.blogspot.com/>)" to help the deserving candidates.

School Fee Receipt of the tuition payment and a hand written thank you note by one of the students are attached below. Please note that the "Thank You" note doesn't have eegai.org name as we worked with Gold Heart Foundation.

We thank you all for your generosity and encourage you to pass on the info about eegai.org to your friends. As always, if you have any questions or concerns about eegai.org and Gold Heart Foundation, please let us know.

Note: Balance of 800 USD is carried forward for future projects. Due to the technical difficulties that came along with the payment portal (donortownsquare.com) acquisition that we were using to collect money, eegai.org is not able to list the donors individually as we usually do. We will resume listing the donors once we have a new payment portal.

Regards  
Eegai.org
